## Newsletter Editor Needed!

For many years Guild Board Member, **Greg Quist**, has been the Guild's Newsletter Editor and Guild Photographer and has done an excellent job. In addition, during this last meeting season he also took on the responsibility of being the Guild's Treasurer.

Recently Greg has asked the Guild Board to please find another member to take over task of Newsletter Editor and Guild Photographer. He expressed that holding the three positions after all these years was just more than he wish to handle in the future.

***Let it be known to all far and wide, Greg's contributions and support of the West Michigan Woodworkers Guild over the years has been and is unmeasurable!***

We now must find another member willing to take on the responsibility of creating our monthly Newsletter. If you have experience creating a computer generated and electronically mailed Newsletter for any type of office or organization please consider becoming the Guild's new Newsletter Editor.

The creation and sending out of our Newsletter is one of the most important functions of the Guild.

Election to this Board level position will be at our September meeting. If you have any questions regarding this very important position within the Guild please contact Tom McDonald at: [Trmcdonald999@yahoo.com](mailto:Trmcdonald999@yahoo.com) or 616-706-8057

### Guild Goals For the 2016-17 Meeting Season

As the 2015-16 meeting season draws to a close as group we need to begin thinking about upcoming new meeting season of 2016-17.

2015-16 meeting season was a period of reorganization, updating and revitalization of the Guild activities. As result, we regained former members plus gained brand new ones. In addition, we had some excellent meeting presentations and outside activities.

At the Board meeting held On 5-26-16 the Board proposed only two basic Goals for the 2016-17 meeting season.

Goal #1: GROW the Membership! To do this we need every member to encourage former members, our woodworking friends, neighbors and relatives to be our guests at our meetings with the hope they will like what they see and hear and decide to join and support the Guild.

Goal # 2: Increased our emphasis on high quality Woodworking Presentations at our monthly meetings! To achieve this Goal should be easy. All of us know something about woodworking that other members do not. All we need to do is be willing to openly share and demonstrate our skills at our meetings. Please contact John Pflug, our new Program Manager, at: [john.pflug@ge.com](mailto:john.pflug@ge.com) with your ideas for a good meeting presentation.

### Officer Elections September 13, 2016

All Board Members/Officers of the West Michigan Workers Guild serve at the pleasure of the membership. As a member in good standing of the Guild, you can place yourself or any other member in good standing in the running for any Board position you wish to.

Elections will be held as the first order of business at the Guild's September 13<sup>th</sup> meeting. Please consider placing yourself in consideration for being on the Guild Board of Directors. We welcome and encourage you to do so. We need your Leadership!

### New Guild Program Manager

As of the Board meeting of 526-16 Board Member John Pflug has agreed to act as Meeting Program Manager for the Guild during the 2016-17 Meeting Season.

John already has program ideas for September, October and November of 2016.

September will be when we hold Officer Elections and have a presentation by Jim Jakosh on how to make lightning patterns on wood by using battery current and baking soda.

October John will show how to make mortise and Tenon joins used in timber framing and many other wood working projects. Tom McDonald will bring in his mortising drill and explain how to use it.

November we hold multiple round-table discussions on some of the most popular woodworking topics.

The 2016-17 meeting season is already shaping up to being a very interesting and informative meeting season. Be sure to mark your calendars with our meeting dates and times for the second Tuesday of every month now so you can plan on coming to every meeting!
